

CVPCSD Board Turnover

Last month, our District Board of Directors said farewell to three outgoing members whose terms had expired: Richard Warren, Heidi Temko, and Ken Cenatiempo. The District wishes them well. Ken, having recently suffered a stroke, is especially in our hearts, and we wish him and his family strength in this time of recovery.

CVPCSD Board of Directors and term expiration year:

New

Diane-Louise Alessi, 2026

Greg Bala, 2026

Jo Anne Carmona, 2026

Existing

Dan Negus, 2024

Rolando de la Torre, 2024

Proper Drainage is Essential

Residents should make sure that ditches and driveway culverts on their property are clear of obstruction, as proper drainage can help reduce runoff on the roads, making them both safer to drive and reducing costly future repairs.

Maintaining Trees by Roadway

Keeping our roads clear of overhanging branches is essential for good visibility and emergency vehicle access. CVPCSD is kindly asking residents to trim their trees near the road to allow 2 ft back from the pavement and 14 feet in height. Proper visibility makes all the difference, especially in the winter months.

2022 Accomplishment Recap

CVPCSD has had a big year. We have spent a lot of time squaring away last year's massive tank project completion, and we welcomed American River Backflow into the Christian Valley family. We are carrying that momentum into 2023, keeping our District great!
