NOTICE TO PROPERTY OWNERS

Christian Valley Park Community Services District

Christian Valley Park Community Services District holds a recorded easement across a portion of your property for a water pipeline and vehicle access route connecting its water storage facility and treatment plant. This easement has been in place since the 1960s.

The District is currently reviewing this route as part of routine infrastructure planning and evaluating potential improvements. You may have noticed survey stakes or markers placed on or near your property as part of this review. No construction is scheduled at this time.

The District will contact you directly as this review develops. Questions are welcome in the meantime.
