Hi Don, would you please include this letter in the 10 August, '21 agenda?

To Christian Valley Park CSD,

At the board meeting of September 21, 2021, the board agreed to a motion to have me look into getting Placer County roads dept to paint our roads (centerline/fog), even though the summer paintwork was about to close, due to possible rain or cold temperatures.

I drafted a letter to Placer County Roads, provided a map detailing our request, and took the letter/map to meet with the supervisor of their road painting dept. Thankfully, they had a slow day in October, and were able to accommodate our request.

I am, therefore, requesting a \$100 credit to my debt for the (day) meeting with the paint crew and supervisor.

Lynn
