

Proposed Mission Statement by Heidi Temko

Christian Valley Park Community Services District Mission Statement

The District shall provide operation and maintenance of the District's water system as well as distribution of dependable, high quality drinking water to those residing within the District boundaries and jurisdiction. The District shall also provide road maintenance and repair, as well as other roadway related improvements. The District shall carry out these responsibilities efficiently, safely, and the most economical way possible. District staff and contractors shall conduct business in a safe, professional, and courteous manner and shall be responsive to the questions or concerns of District residents. The District shall provide information to the community regarding any changes or potential changes in operations, maintenance, distribution, or water quality in a timely manner. All non-confidential District records shall be available to the public for review upon request. The District shall hold public meetings a minimum of once monthly and shall encourage community participation in all decision-making.
